PROFESSIONAL SUMMARY

Motivated Computer Science student with a strong foundation in software development and hands-on experience in building responsive, user-focused applications. Known for strong problem-solving abilities, effective collaboration, and a passion for learning and contributing to innovative technical teams. apply technical and analytical skills to real-world challenges across diverse domains in the software industry.

EDUCATION

Oriental College Of Technology, India

Jul 2021 - Jun 2025

Bachelors of Technology in Computer Science and Engineering

SKILLS

Languages: Java, JavaScript

Web Technologies: React.js, HTML, CSS, Tailwind CSS

Databases: MongoDB, SQL

Tools: Git, GitHub, Postman, VS Code

Libraries: GSAP, LocomotiveJS, ScrollTrigger, Shaden

PROJECTS

Employee Management System

Self Project

Live

- Developed an Employee Management System using React.js and Local Storage to handle CRUD operations and maintain persistent user data.
- Implemented features such as employee filtering, sorting, and responsive UI using React hooks and components.
- Improved user efficiency by 40% through streamlined data handling and UI responsiveness, resulting in reduced task completion time.

Sidcup Family Golf Website

Self Project

Live

- Built a fully responsive Sidcup Family Golf website clone using HTML, CSS, and JavaScript.
- Focused on accurate design replication, smooth animations, and mobile responsiveness.

Personal Portfolio Website

Self Project

Live

- Created a personal portfolio website using React.js and Tailwind CSS, showcasing projects, skills, and contact form functionality.
- Integrated interactive UI components and deployed the site using GitHub Pages.

Weather App

Self Project

Live

- Developed a dynamic Weather App using React.js, integrating the OpenWeatherMap API to fetch real-time weather data.
- Implemented features such as location-based search, temperature display, weather conditions, and responsive design.
- Achieved a 95% user task success rate during testing, with average data load time under 2 seconds, improving user engagement.

CERTIFICATES

CCNA - CISCO

INTRODUCTION TO REACT — COURSERA

FULL STACK WEB DEVELOPMENT — CODING THINKER

HOBBIES & INTERESTS

- Playing cricket – enhances team collaboration and strategic thinking
- Listening to music – helps relax and maintain focus under pressure
